

1,000 Books Before Kindergarten

Welcome to the Lake Placid Public Library's program of 1,000 Books Before Kindergarten! It may seem like a lot of books, but reading just 2 books a day for a year would equal 730 books, and reading 3 books a day would accomplish the goal of 1,000 books in just 11 months!

Directions:

Keep track of the number of books you read (or were read to you) by circling or crossing off books on your record sheet (books #1-1,000; 50 books per page). You may also keep record of the titles of the books you read on the reading log. You can count any books you finish reading, including those read to you or books you have read more than once.

Once you have read 100 books, return the record sheet to the LPPL, receive a star on our 1,000 Books chart, sticker, and new record sheet for the next 100 books.

When you have completed 1,000 books, you will receive a certificate of completion, your name on our 1,000 Books Before Kindergarten mural, a book bag, and a book dedicated to the Library in your name. Oh, and not to mention you will be an even stronger reader than when you began! That is really the best reward! ☺

We hope you enjoy our program and gain a life-long love of reading. If you have any questions please call Bambi Pedu or Karen Armstrong at 523-3200.

Happy reading!

I, _____, have completed _____ books on my way to 1,000 books before Kindergarten!
